

	Provider Support	Training
 <p>What can I expect when I sign up for each service?</p>	<p>A one-to-one meeting with a consultant tailored to the unique needs of the facility. BHST consultants aim to make this a conversational approach to behavioral health and regulatory topics. Commonly requested topics can be found on the referral request form <u>here</u>.</p> <p>We are 100% voluntary and here to support the LTC community!</p>	<p>LTC providers and agency staff across the state can sign up for our training courses. Sessions offer an overview of one behavioral health topic in a virtual classroom-style format. This is a great opportunity to meet LTC staff from other facilities and grow in your knowledge with practical interventions and information.</p> <p>Everyone is welcome to join!</p> 
What facility types are served by these supports?	AFH, ALF, NH, CCRSS	AFH, ALF, NH, CCRSS, ESF
What is the format of each service?	Meetings can be held via Microsoft Teams, Zoom or telephone.	All webinars are held via Zoom.
How does scheduling work for each service?	The Meeting is arranged between the consultant and the facility, based on the facility's availability.	Our monthly training calendar is posted to our website. Attendees can expect to see the training opportunities vary from month to month.
What is the duration of each support?	Meetings are usually around 1-2 hours in length, but there is room for flexibility based on the facilities needs. (More time can be reserved for asking questions, for example.)	Classes are usually around 1-2 hours in length.
Is there a follow-up process?	If there is a need, your consultant will follow up 2-3 weeks after the meeting.	No follow-up.
What materials will I receive?	Tools, techniques and regional resources will be curated by your consultant and then emailed directly to you for your meeting.	Workbooks and training materials are provided for select training opportunities.
Is regulatory information provided?	Regulatory info is tailored to the type of facility requesting support.	Training covers the regulations for all facility types.
Will I receive continuing education credits?	No CE credits.	CE credits are available for most trainings.
What is the cost of these services?	 <p>Whether it's training or provider support, our services are all provided at no cost to you!</p>
