**UPDATES TO THE NURSING HOME STATE SURVEY REPORT OR DSHS 10-207 FORM**

Dear Nursing Facility/Home Administrator:

On June 30, 2022, the **DSHS 10-207 form**, titled "Nursing Home State Survey Report," was reinstated to fulfill state requirements so that facilities were given fair notice and due process for rules (Washington Administrative Code) that were cited with the associated federal regulations (F-tags).

On May 16, 2024, the DSHS 10-207 form was revised and approved for release to include instructions for both Residential Care Services (RCS) staff and Licensees (providers).

Effective immediately, RCS staff will begin using the updated DSHS 10-207 form.

Please refer to the [ePOC Provider Procedure Guide](#) for instruction on how to include attachments in the ePOC system.

A sample DSHS 10-207 form is attached to this letter for your information. Please note that the form will only be accessible by providers via ePOC once RCS staff enters the completed Statement of Deficiencies (SOD).

Thank you for your continued commitment to resident health and safety. If you have any questions, please contact [Tiffany Meyers](#), Nursing Home Policy Program Manager, at (360) 464-0373.

Sincerely,

Amy Abbott, Director  
Residential Care Services

DSHS: "Transforming Lives"
