

HTSU Training Opportunities

SHDD Website: <https://www.dshs.wa.gov/altsa/residential-care-services/state-hospital-discharge-and-diversion-team-and-hospital-transition-support-unit>

September 2024

Audience: *ALTSA Contracted Providers*

To register, click on the link or follow the registration instructions associated with the training you would like to join.

Important Notes:

- Due to high demand, *please be sure to cancel registration if you are not able to attend.* This will allow for others to register.
- To obtain CEU credit(s), participants are required to attend and participate for the entire duration of the training. *This includes participating in all activities.
- To participate in virtual trainings, you will need to join by desktop or laptop computer. This is required to fully engage/interact in the virtual classroom setting.

To request ASL and/or CART interpreters, please email shddref@dshs.wa.gov 30 days before the scheduled training.

Training Description	Date/Time	Registration Link
<p><u>1-hour Webinar – Trauma-Informed Care: Part One - 1 CEU</u></p> <p>The training provides an overview of the types of traumas, the inter-relationship with co-occurring disorders and the impacts of Trauma on individuals. Part One of the training focuses on introducing the concepts and theoretical background on Trauma and Trauma-Informed Care.</p>	<p>Tuesday, September 3rd, 2024 @ 1:00 – 2:00 PM</p>	<p>https://events.gcc.teams.microsoft.com/event/2a6c191b-65a7-444e-95e0-c9d976356e9b@11d0e217-264e-400a-8ba0-57dcc127d72d</p>
<p><u>1.5-hour Webinar – Explanation and Interventions for Diabetes Mellitus in Mental Healthcare – 1.5 CEU</u></p> <p>The following training provides attendees in-depth knowledge concerning Diabetes Mellitus in the mental healthcare environment. Our training outlines an overview of diabetes, its diagnostic considerations, and psychosocial factors to consider in an individual’s history. Furthermore, we work to teach key communication techniques when working with medical professionals, as it relates to the optimization of interventions strategies. Consideration of behaviors, symptoms, and relevant clinical information and assessments are explored, in addition to relating it to the implementation of the Negotiated Service Agreement/Care Plan.</p>	<p>Monday, September 9th, 2024 @ 1:00 – 2:30 PM</p>	<p>https://events.gcc.teams.microsoft.com/event/e03107ef-cc7c-42ea-a19c-0c50b0faa2b7@11d0e217-264e-400a-8ba0-57dcc127d72d</p>

<p><u>1.5-hour Webinar – Trauma-Informed Care: Part Two – 1.5 CEU’s</u></p> <p>The training provides an overview of the types of traumas, the inter-relationship with co-occurring disorders and the impacts of Trauma on individuals. Part Two of the training focuses on practical skills and knowledge reinforcement introduced in the first portion of this training. Part One is highly recommended to be completed prior to attending Part Two.</p>	<p>Friday, September 13th, 2024 @ 12:30 – 2:00 PM</p>	<p>https://events.gcc.teams.microsoft.com/event/c77906fc-d071-491f-9503-3f85db6f4895@11d0e217-264e-400a-8ba0-57dcc127d72d</p>
<p><u>2-Hour Webinar – Care Training for Providers: Navigating the Care Assessment – 2 CEU</u></p> <p>The training is intended to assist care providers in further developing skills and tools to create person-centered support plans that focus on supporting individuals with complex mental health requirements. The training enables providers to identify and gather necessary client information to help the client during the transition process and stabilize and maintain a successful placement while promoting recovery and stability.</p>	<p>Wednesday, September 18th, 2024 @ 1:00 – 3:00 PM</p>	<p>https://events.gcc.teams.microsoft.com/event/7940b3b6-95c7-41c9-8b4a-ef8fddfafc7e@11d0e217-264e-400a-8ba0-57dcc127d72d</p>
<p><u>1-hour Webinar - <i>Psychogenic Polydipsia: Explanation and Interventions</i> – 1 CEU’s</u></p> <p>The training provides a general overview of Polydipsia, a condition characterized by excessive fluid intake often seen in individuals with Mental Health conditions. Throughout this training, participants will learn strategies to identify behaviors, symptoms, and interventions. Furthermore, participants will be provided with tools to effectively communicate with medical providers and assist in developing Care Plans.</p>	<p>Tuesday, September 24th, 2024 @ 10:00 – 11:00 AM</p>	<p>https://events.gcc.teams.microsoft.com/event/fbc072b7-0c8b-4abf-b51c-99fd77e828fb@11d0e217-264e-400a-8ba0-57dcc127d72d</p>
