Background

On April 2, 2015, the Court ordered the Department of Social and Health Services (DSHS) to file monthly reports with the *Trueblood* Court Monitor on efforts to comply with Court orders to provide timely competency evaluation and restoration services to Class Members:

“Defendants shall file a report with the Monitor on the fifth day of every month, which shall include:

- (1) the number of days between when a court ordered provision of competency services and when provision was completed, for each person ordered to receive competency services during the previous month;*
- (2) data regarding the number of evaluators, bed capacity, physicians, and other resources needed to provide timely competency services;*
- (3) the steps taken in the previous months to implement this order;*
- (4) when and what results are intended to be realized by each of these steps;*
- (5) the results realized in the previous month;*
- (6) the steps planned to be taken in the following month;*
- (7) certification by Defendants that they are fully compliant with all deadlines that became due in the previous month;*
- (8) Defendants’ estimate for when the wait times will reach seven days or less, and all data relied on in making that estimate; and*
- (9) any other information the Monitor informs Defendants is necessary for the Monitor to fully review Defendants’ actions and advise the Court.”*

This order was modified on February 8, 2016. Reporting on the remaining requirements of the February 8 order are below and do not include items previously reported as complete.

reports to the Court Monitor			month Systems Improvement Agreement (SIA) to allow Western State Hospital (WSH) the time and guidance needed to fix systemic operating problems and put more focus on patient treatment and overall safety. Signing the SIA rescinds the termination of CMS' Medicare Provider Agreement with WSH, but allows CMS to reissue termination if it finds that the hospital is not progressing toward full compliance with the Medicare Conditions of Participation (CoPs), a requirement for federal funding. The Department does not anticipate expansion of bed capacity at WSH to be implemented during the 13 month SIA.
6. Plan for recruiting and staffing 30 beds at WSH after compliance with CMS's terms of participation is achieved in March by:			
C. Reporting on the implementation status of the plan and timeframe in Defendants' monthly reports to the Court Monitor	Beginning April 15, 2016, ongoing	Ongoing	DSHS has taken the actions necessary to support the transition of restoration beds back to the state hospitals by July of 2017. Next steps towards this effort will begin in January 2017.

D. Executing contracts for implementation by the selected providers	April 15, 2016	Complete	DSHS has received fully executed contracts from all four contractors in May 2016. The prosecutorial diversion contracts require contractors to participate in quarterly meetings convened by DSHS to discuss progress, troubleshoot barriers, and share resources and ideas. All Contractors have begun recruiting staff for their respective projects, drafting

			policies and procedures, and convening multidisciplinary workgroups in order to begin accepting referrals into the programs beginning July 1, 2016.
10. Develop a reliable and valid client-level data system to support better management and accountability of the forensic services system by:			
E. Implementing revisions to the existing system or initiating development of a new forensic data and management information system	May 27, 2016	Ongoing	Dates in the project plan have shifted due to the delays caused by the CIO's horrendous automobile accident and unplanned medical leave. The data dictionary and defining system functionality are complete; a draft of the data models has been prepared; the gaps analysis, finalized task list and timeline, and the project charter will be complete in July 2016.

The following report is submitted June 15, 2016 and covers the events of May 2016.

Resources Required to Provide Timely Competency Services

Need Projections and Bed Capacity

The investment made by the Legislature in the 15-17 biennial budget, and the short and long-term strategies that are being undertaken, will enable Washington to provide competency services within the State/Court established time frames. Washington is making every effort to provide competency services within the seven-day standard as soon as it is financially, physically, staff resource wise possible.

Compliance projections were initially based on the estimates and data included in previous monthly reports, the Long Term Plan dated July 2015, and the May 2016 revised Long Term Plan. An updated projections model is underway by new staff within Decision Support and Evaluation Office and the Office of Forensic Mental Health Services. Once new projections are available, they will be reported in future reports.

There are no additional changes to this resources section regarding funding, FTEs, evaluator positions, and restoration bed counts. When information changes in the future, an update will be included.

Trueblood Key Accomplishments--May 2016

RECRUITMENT

- New announcements have been posted to fill the remaining positions at the Maple Lane Competency Restoration including five Residential Rehabilitation Counselors and three Security Guards. One RRC working graveyard shift started work at Maple Lane on May 22.
- Hiring for the Office of Forensic Services Management positions is complete. Dr. Tom Kinlen, the new Director of Forensic Services, began work on May 4, 2016.
- The data manager position was filled on June 1.
- A LEAN event with all staff involved in the admissions process for WSH occurred on 5/3/16. Outcomes of this event included identifying next steps for hiring the Admissions Coordinator position and developing a centralized and more streamlined scheduling and admissions process.
- The Admissions Coordinator position has been posted and closes June 10th. Interviews begin in mid- June.
- The Compliance Reporting Specialist job announcement was posted mid-May. Interviews are tentatively planned for the fourth week in June.
- The fourth nurse-focused ESH hiring is scheduled for June 2, 2016 in Spokane.
- A Physician 3 candidate has been identified for a vacant position at ESH. The candidate will be interviewed in early June.
- Alternate qualifications for the Psychiatric Security Attendant (PSA) job class discussions continue and will be explained to the union as contracts enter the negotiation period.

RESIDENTIAL TREATMENT FACILITIES

- As of May 31, The Yakima Competency Restoration Program had admitted a total of fourteen patients since opening, with three additional referrals accepted and being admitted the first week of June. Of those patients six had been opined competent and discharged from the program; one opined not competent; one determined not likely restorable and one was transferred to the state hospital due to medical treatment needs.

- As of May 31, the Maple Lane Competency Restoration had admitted a total of twenty patients since opening. Four patients were evaluated by the State Mental Health Evaluator. Of those, three had been opined competent and discharged from the program. One was non-restorable.
- Our most time consuming barrier to filling the beds in these facilities continues to be resolving barriers with patients' court orders. As reported previously, a new court order was developed in Washington and released in early 2016. DSHS continues efforts to educate partners and stakeholders on the new form and the new alternate sites – Maple Lane and Yakima. Attorney tours have been hosted at both sites; a fact sheet has been developed and distributed to courts, prosecutors, defense council, the Washington Association of Prosecuting Attorneys (WAPA) and the Washington Association of Sheriffs and Police Chiefs (WASPC); multiple meetings with counties have been held (Clark, King, Chelan, Spokane); our AAGs discuss the new court orders at show cause hearings and bring copies to share; and our AAGs also educate counsel on cases where we are trying to get patients into alternate facilities through a court order revision. DSHS developed a “bed offer memo” to share with attorneys (on cases where the client is a good fit for an alternate site) indicating that a bed at an alternate site is ready with a revised court order.

TECHNOLOGY SOLUTIONS

- Mobile technology hardware was deployed to 15 evaluators at WSH with twelve more units on order, joining 9 staff already using the hardware at ESH. The use of this hardware is a significant step towards improving timeliness in completing competency evaluations.
- Digital voice recorders will be made available to evaluators to enable them to dictate while traveling. This enhancement is expected to save time and increase the number of evaluations able to be completed. Analyzing pre and post mobile solutions for evaluators should highlight productivity gains. Use of the recorders is now being tested. It will likely take 3-6 months for a permanent solution to be rolled out.

WAIT TIMES

- For inpatient evaluations, the ***ESH average has fallen dramatically – from 44 to 12.5 days***. The combined hospital average has fallen to 17.8 from a 33 day average.
- For restoration, the ***ESH average has fallen dramatically – from 30.4 to 12.2 days***. The combined hospital average has fallen to 26 days compared with a 32 day average.

The consultants' report is due to the Governor and Legislature by Oct. 1, 2016. Section 5(3) requires DSHS to contract for the services of an academic or independent state hospital psychiatric clinical care model consultant to examine the clinical role of staffing at the state hospitals.
