Other Programs

AREN

CEAP

Diversion Cash Assistance (DCA)

Refugee Cash Assistance (RCA)

SSI

WTAP

This section describes other programs not already discussed in previous sections. It includes: Additional Requirements – Emergent Needs (AREN), Consolidated Emergency Assistance Program (CEAP), Diversion Cash Assistance (DCA), Refugee Cash Assistance (RCA), Supplemental Security Income (SSI), and Washington Telephone Assistance Program (WTAP).

Highlights:

- The average monthly AREN caseload was 949 in SFY 2001, compared to 965 in SFY 2000.
- In June 2001, 3.0% of TANF cases had AREN payments, compared to 5.7% in July 2000.
- The majority of AREN recipients were female (89.7%), never married (43.5%), and White (67.9%). The median age for an adult was 29.8 years.
- The average monthly CEAP caseload in SFY 2001 decreased to 38 cases, down from the monthly average of 46 cases in SFY 2000.¹
- The majority of CEAP recipients were female (63.3%), never married (66.7%), and Hispanic (55.0%). The median age for an adult was 31.4 years.
- The average monthly caseload for DCA increased in SFY 2001 (245 cases), compared to SFY 2000 (182 cases).
- The average monthly DCA payment increased to \$1,248.74 in SFY 2001 from \$1,179.90 in SFY 2000.
- The majority of DCA recipients was female (54.7%), white (77.3%), and never married (72.6%). The median age for an adult was 30.6 years.

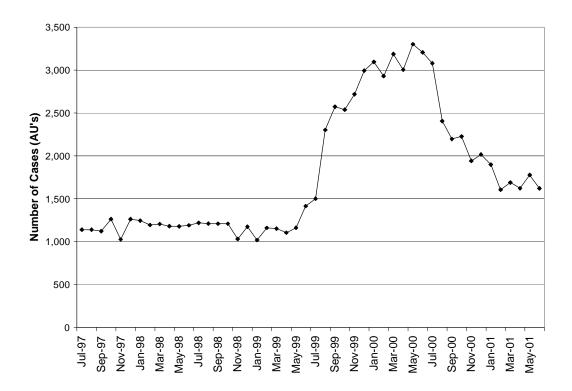

¹ The CEAP program underwent major changes in SFY 2000, as part of settling the "Homeless Lawsuit." A good portion of the CEAP budget was transferred to another agency, the Office of Community Trade and Economic Development. Under a new rule, families that contains a member who is eligible for TANF, SFA, or RCA, are no longer eligible for CEAP. Families are also required to establish eligibility for other assistance programs such as SSI, housing assistance and unemployment compensation, as an alternative to CEAP. These factors caused the caseload to decline.

Other Programs Continued

- The average monthly Refugee Cash Assistance caseload increased in SFY 2001 (550 cases), compared to SFY 2000 (507 cases).
- Most Refugee Cash Assistance clients were male (51.9%), white (55.7%), and never married (49.8%). Most (87.5%) were limited in English.
- The average monthly SSI caseload in SFY 2001 was 95,631 cases, compared to 93,684 cases in SFY 2000.
- The annual total of WTAP cases in SFY 2001 was 107,159 cases, compared to a total of 93,078 cases in SFY 2000.
