Medical Care Services (MCS)

Medical Care Services (MCS)¹ is a state-funded program that provides limited medical assistance for low-income adults who are unable to work for at least 90 days due to a physical or mental incapacity, and are found eligible for Aged, Blind, or Disabled(ABD) cash assistance or the Housing and Essential Needs (HEN) Referral Program.

Highlights:

- The MCS program served a monthly average of 9,631 recipients in SFY 2014 (from July 2013 through December 2013), a slight increase from a monthly average of 9,583 in SFY 2013.
- In December 2013, the majority of MCS recipients were male (60.4%), white (67.0%), and never married (56.8%).
 The average age of MCS recipients was 40.8 years.

¹ During the 2013 legislative session, the Legislature passed Substitute House Bill 2069, which narrows MCS eligibility to include only ABD and HEN recipients who are ineligible for Medicaid expansion. This change will maintain MCS coverage for aged, blind, disabled or incapacitated persons who are lawfully present in the U.S. and not eligible for federally funded medical assistance because of immigration status. The effective date for these MCS eligibility changes is January 1, 2014. MCS data from January 2014 - June 2014 can be found in the medical assistance section of this Briefing Book under State Funded Medical Care Services.
