Port Gamble S'Klallam Tribal Sovereignty Statement

The Port Gamble S'Klallam Tribe entered into the Treaty of Point No Point with the United States of America on January 26, 1855, reserving sovereign and aboriginal rights in perpetuity; and the Port Gamble S'Klallam Reservation was proclaimed on June 16, 1938 to be an Indian reservation, held in trust by the federal government "...for the benefit and use of the Port Gamble Band of Clallam Indians...", under the provisions of Section 5 of the Indian Reorganization Act, the purchase of which was paid in full by Tribe. The Port Gamble S'Klallam Tribe is a federally recognized Indian Tribe governed by a constitution adopted on August 5, 1939.

The mission of the Port Gamble S'Klallam Tribe is to exercise sovereignty and ensure self-determination and self-sufficiency through visionary leadership. We will ensure the health, welfare and economic success of a vibrant community through education, economic development, preservation and protection of the rich culture, traditions, language, homelands and natural resources of the Tribe.

The Port Gamble S'Klallam Tribe was the 2nd Tribe in Washington State to received Direct IV-D Child Support Federal Funding in April 2002. The children of the Port Gamble S'Klallam Tribe are our most important resource. We believe that preserving a child's connections with his or her family is fundamental to the child's well-being. In S'Klallam tradition both parents are counted on to care for and support for their children.

Federal law recognizes Federally Recognized Tribes as possessing sovereignty over their members and their territory. The Code of Federal Regulations (CFR) for the Bureau of Indian Affairs identifies territory as the Service Area and the CFR for the Indian Health Services defines territory as the Contract Health Services Delivery Area. Sovereignty means that tribes have the legislative, executive and judicial power to make and enforce laws, and to establish courts and other forums for resolution of disputes.

7.01 Policy Highlights

The Department of Social and Health Services (DSHS) follows a government-to-government approach to seek consultation and participation by representatives of tribal governments in **policy development** and **service program activities**. This is in compliance with Chapter 43.376 RCW, the Washington State 1989 Centennial Accord and current federal Indian policy as outlined by Executive Order #13175, and the Presidential Memorandum on Tribal Consultation signed by President Obama in November 2009, which promotes government-to-government relationships with American Indian Tribes.

The DSHS 7.01 Policy applies to all DCS programs and employees. Administrators and regional program managers who oversee contracted services are also responsible for implementing this policy in the planning and delivery of contracted services by incorporating the appropriate language into the contracts. ESA/DCS shall acknowledge and consider the opportunity for Federally Recognized Tribes' involvement and

consultation in, but not limited to plans, budgets, policies, program services (including those provided by contractors and grantees), operational procedures, federal waivers or exemptions to state plans that affect American Indian people.

Implementation Plan				Progress Report
(1) Goals/Objectives	(2) Activities	(3) Expected Outcome	(4) Lead Staff and Target Date	(5) Status Update
<p>1A) Coding Tribal Cases Correctly.</p> <p>To properly code new cases that are open in SEMS, so that PGST members are identified accurately.</p>	<p>Tacoma Field Office and PGST will work to correctly identify PGST tribal members and make sure ethnicity and tribal coding on the case is correct.</p> <p>TRT developed a tracking spreadsheet. PGST will continue to bring to DCS attention any cases that have fallen through the cracks. All cases will be added to the spreadsheet.</p>	<p>To reduce or eliminate the miscoding of Tribal members.</p> <p>Determine if there is a pattern as to why cases are coded incorrectly and to fix the problem.</p>	<p>State: Steve McDannel</p> <p>Tribe: Maria Huynh</p> <p>Target Date: Review Monthly</p>	<p>Update: There have been no inappropriate referrals identified in this year.</p> <p>TRT sent bi-annual updates on the status of inappropriate referrals and tribal conference board decisions for the state.</p>
<p>1B) Modification Letters sent to PGST Clients.</p> <p>PGST would like to prevent the automated three-year modification letters from going out on cases with tribal orders</p>	<p>DCS will notify PGST of any client contact regarding modifications in response to receiving this letter.</p> <p>Tacoma and TRT will work on a flow map of what triggers the letter to see if there is a way to switch them off. Note: PGST is not concerned with employee-only connected cases.</p>	<p>Ensure no case with a tribal order is modified by DCS.</p>	<p>State: Jake Hughes, Deidre Finley, Steve McDannel</p> <p>Tribe: Maria Huynh</p> <p>Target Date: Review annually</p>	<p>DCS stopped sending automated letters on cases coded for Tribal. However, DCS will still need to notify the tribe on any cases not coded correctly.</p> <p>Update: New letter has been updated to inform customer if they have a Tribal Order to consult with the appropriate tribal jurisdiction.</p>

1C) Credit Bureau Effectiveness.	<p>PGST would like to review the cases to determine if there were any impacts to the clients.</p> <p>Initiating cases to PGST where NCP is employed by a tribal employer.</p>	<p>Review case to determine debt is correct and credit bureau reporting is appropriate.</p>	<p>State: Steve McDannel</p> <p>Tribe: Maria Huynh</p> <p>Target Date: Review annually</p>	<p>If credit reporting is an issue with clients, PGST will contact DCS on a case by case basis.</p>

(1) Goals/Objectives	(2) Activities	(3) Expected Outcome	(4) Lead Staff and Target Date	(5) Status Update
<p>1D) Communication and Problem Solving.</p> <p>Shorten DCS response time to Tribal policy requests</p>	<p>Bi-annual meetings occur between the DCS Director and Tribal Child Support Directors for this purpose. For the other two quarters, updates on progress should be reported from DCS by phone conference calls as needed.</p>	<p>Issues will be resolved in a timelier manner with status updates provided at least quarterly.</p>	<p>State: Sharon Redmond, Jake Hughes, TRT</p> <p>Tribe: Tribal Child Support Directors</p> <p>Target Date: Bi-annually</p>	<p>This item is also included on the Directors' 7.01 Plan.</p>

<p>2) Case Referrals:</p> <p>A) Continuation of Services: when a party terminates State TANF, determine who should continue services (DCS or PGST).</p> <p>When State TANF ends, PGST would like Non-assistance services to revert to them on a case by case basis.</p>	<p>DCS and PGST will review cases on a case by case basis to determine for which time periods each should charge.</p> <p>At the beginning of each month, DCS will continue to pull a list of cases for which TANF has ended and provide it to PGST.</p> <p>PGST will then notify DCS if they have any info that the child is no longer in the household.</p> <p>On average this there is less than one case per month that meets this criterion.</p> <p>When appropriate, DCS will work with the tribe to try to close DCS cases so enforcement can revert to PGST.</p>	<p>Clear understanding by both DCS and PGST of which time periods each jurisdiction is charging; who is providing services; and who should enforce.</p> <p>When a Custodial Parent stops State TANF, Steve McDannel will contact PGST.</p> <p>Both agencies will work together to get services reverted to PGST within DCS policy guidelines.</p>	<p>State: Sharon Redmond, Steve McDannel, Deidre Finley, TRT</p> <p>Tribe: Maria Huynh</p> <p>Target Date: Reports provided monthly and issues reviewed annually.</p>	<p>This is still under review by the Policy unit at DCS HQ. TRT is working with Policy on it.</p> <p>This issue is especially problematic for PGST because PGST continues to provide full service on their end. In TANF cases involving children in care (ICW) cases it's difficult for the PGST case managers to contact the CP (Custodial Parent) to get a closure request.</p> <p>Status: Steve McDannel will send monthly emails to Maria with the list of cases where TANF ended. DCS Policy has agreed that DCS could accept a written affidavit from PGST indicating that they're providing full IV-D services to the custodial parent, and are asking DCS to close its non-assistance case. DCS would allow 60 days for that process to complete, and then close its case. DCS is also able to accept e-signatures on closure requests and no longer requires a "wet ink" signature. This item will be considered for addition to the Director's Meeting 7.01 Plan as well.</p>

CRITERIA USED FOR CASES TO BE INCLUDED IN DCS TRIBAL CASELOAD (Pertinent Sections of Tacoma's Tribal Desk Guide)

Region 3 State-Tribal Quarterly Meetings

Meetings have traditionally been held quarterly, with the location rotating as follows: January – Port Gamble S'Klallam Tribe, March – Puyallup Tribe, July – Suquamish Tribe and October – DCS. To prepare for meetings, the supervisor should send the call for agenda items approximately one month before a meeting, along with a calendar invitation to the meeting. Approximately two weeks before the meeting, the agenda should be distributed and the agenda sent to each tribe.

Jurisdiction for Modifications

Per Brittney Considine/HQ: *"It's helpful to try to reframe the issue not as one of "giving" jurisdiction to another tribunal (state or tribe), but rather as an analysis of CEJ under the appropriate law. In Steve's email below, he requests some clarification on "whether the guidelines we follow with other states for modification jurisdiction apply unilaterally to tribal cases, too, or if there may be different rules." The response is that there are different laws that apply. With states, we are looking to UIFSA. All states have been required to enact UIFSA, but tribes are not subject to that same requirement and generally have not enacted UIFSA. So, we look to the [Full Faith and Credit for Child Support Orders Act](#) as the appropriate law to analyze jurisdictional issues with tribes. The analysis is very similar under the two different legal frameworks, but we do look to different laws when we are working with states and tribes. Each requires a legal analysis to determine appropriate jurisdiction based on the facts of each case. These issues can be complex, and we want to make sure that jurisdictional issues are handled properly so that we end up with valid and enforceable orders. That being said, we want to work cooperatively with tribes (and states) to get modification to the appropriate jurisdiction where the analysis and all of the facts support the mod occurring there".*

NWEP

For an NWEP referral on a Tribal case, post a case comment 63 that starts: Per TL SEO#....

Tribal Reviews

Typically one email per case is sent for review, there is no pre-determined priority as to who will review each case; it is usually just first-come first-serve. After making the review and adding a CC 76, use "Reply-All" to the email and explain what you found (This ensures the other tribal liaisons see the review has been done, as it will add an additional email with 're:' preceding the subject line). If the case meets tribal criteria, it can be transferred to the corresponding SEO# via **RE** in the action field of SEMS. If it does not, it is prudent to update the **BC** coding (removing the Tribal coding from the **Enf Svc** field), and update **BI's** for parties if needed.

1.) For *Foster Care* cases, open FAMLINK and enter the child's CAMIS # in the Person ID field and then search. Once the individual is returned, you can click his/her name (blue hyperlink) to open his/her personal page. The Basic tab will usually indicate American Indian under Ethnicity, and the ICW tab will include whether the tribe(s) have been contacted about enrollment or eligibility.

If the ICW tab is blank or inconclusive, return to the search window. From there, click the meeples (ⓘ) to the left of the individual's name. This will expand the menu downward. Next click the (ⓘ) next to Intake. The reports included within this subgroup are typically good information about the family background and can explain why the individuals are coded Native American.

Finally, expanding the Cases by clicking (ⓘ) then again clicking (ⓘ) on one of the subsequent cases that appear will open a new menu. The (ⓘ) button will open a new window where scanned documents can be viewed. Sometimes documents titled "ICW" are available to be viewed. These can provide great information about which tribes may be involved.

2.) For *Non-Assistance / TANF* cases, the first step usually taken is to check the **CC** screen to see if any CC76s have been added to the case for insight. It is also prudent to check all parties' (including the child) **BI** screen to see what the Native American coding shows.

Next steps are to check ES/NDNH for NCP/CP, to see if either work for a Tribal Employer. Cross-reference any possible matches with the **TI** screen, which is found on SEMS Web. Another place to look is the parties' **IA** for the possibility that they may be residing on a reservation. You may need to search the address on Google Maps to see where it is located.

The next step would be to check ACES or Barcode to review the Application for tribal affiliation information.

Depending on which tribe is involved you may need to contact a tribal liaison in another field office. A list of tribal liaisons and which tribes they work with can be found [here](#).

3.) *Interstate Cases* may be coded as tribal; these should be reviewed similarly to the other examples above. Typically if Washington is the **Responding Jurisdiction**, we do not need to worry about the **CP** or the **CH** being a tribe member, as the **Initiating Jurisdiction** should be aware of any issues. Two notable exemptions to this are the *Coeur d'Alene* and *Nez Perce* tribes (both are tribes in Idaho), who both have agreements with DCS that they do not have with Idaho child support.

Generally, if WA is **responding**, you only need to take the **NCP** into consideration. If you find the **NCP** in another state and need to initiate the case, make sure the case is already reviewed for any possible tribal affiliation before you do. If the custodian or child belongs to a tribe, that tribe may want to be involved if paternity will be established. If you know the **NCP** belongs to a tribe and is either living on a reservation or working for an out-of-state tribe, you may end up sending the case to be worked by an out-of-state Tribal Child Support Program rather than a state IV-D agency.

Lastly, make a case comment code (76) regarding your "Tribal Review" findings. If appropriate change the **Enf Svcs** code from 8 to 2.

Some tribes have agreements with Washington State for Treasury Offset only, such as *Tlingit & Haida (CCTHITA)*. The tribe based in Alaska requests WA set up cases to attach the NCP's tax refunds and forward them to the tribe. Generally, these cases should be based in the Everett field office, but it's possible you may find one if paternity needs to be established.

*** Credit Bureau Pilot Project Cases: Tracking new referrals when NCP is a Tribal member to gather information about "Exempt Credit Reporting" for new referrals beginning 6/2022 when NCP is a local Tribal member. *When unreported cases are identified, or new ones are received, and the NCP is a local Tribal member, then the case should be exempted from Credit Reporting and the Tracking Spreadsheet located on L Drive for Team 8 should be updated.*

TLs are directed not to disclose IRS or FTI to Tribal child support programs in any way, verbally or written. Payment amounts may be described as voluntary or involuntary, or administrative/non-administrative.

Caseload Assignments

The 6624 caseload is Responding to PGST CSP, it is a combination of “IRS Only”, Full Enforcement and Associated cases. The 6625 caseload is Initiating to PGST for enforcement.

Communication methods

PGST CSP prefers to be contacted by email, but okay to call the assigned Case Manager via the telephone. Please list NCP’s initials in the Subject line.

If DCS is contacted by other states, Maria has given approval to give out her direct contact information.

Conference Board Request for Treasury Offset Funds

1. DCS will send a copy of the Conference Board request to PGST.
2. If there is only Tribal interest in the certified funds, the Tribe agrees to perform the Administrative Review as required CFR 303.72. The Tribe will notify DCS in writing of the Administrative Review decision which will allow the Tribal Liaison to make any necessary action.
3. In cases where there is a joint Tribal and DCS interest in the certified funds, DCS and the Tribe will work together to provide the administrative review.
 - (a) The Tribe makes the final determination on any debt certified on its behalf and provides DCS with written recommendations instructing DCS if and how to provide relief to the NCP regarding any debt certified on the Tribe’s behalf.
 - (b) DCS will make the final determination on debt it certified on its own behalf.

Continuation of Services

If there are any cases ending WA TANF that were previously PGST NA cases, then the Tribal Liaison will contact PGST CSP to discuss which agency will provide continuation of services to the CP. The CP must send DCS a written request to close the case if PGST CSP will continue enforcement. If the CP doesn’t, DCS will send a letter to the CP to ask which agency should continue services. Then if there is still no response, DCS will initiate case closure based on non-cooperation. Meanwhile, DCS will hold current support payments until resolved.

Credit Bureau Reporting

The Credit Bureau Reporting indicator should be set to E (Exempt) on IRS only cases received for enforcement from the Port Gamble S’Klallam Tribe.

Domestic Violence Information

Domestic Violence information should be listed on page 2 of the Transmittal #1 under Section VI. Other Pertinent Information.

IWW/WSSR Language in PGST Community Court Orders

PGST adds IWW/WSSR Language to some PGST Community Child Support Orders effective 8/2021. Per review from DCS Policy, this removes the requirement of needing to serve an NCP the DCS 9-272 "Notice of Support and Demand for Payment" which informs the CP of DCS's actions for enforcement of collections. In other words, DCS can consider these Orders to be immediately enforceable without further action needed. PGST can/will serve if the NCP is in their area, this will speed up services.

Please review the case with PGST to see if they still want a referral for the case. If not, keep the case in the PGST caseload and continue to monitor for receipt of timely & consistent payments. If payments stop, review case with PGST to see if NCP is still employed by the Tribe and determine if a referral needed.

Referrals from PGST

After a new referral has been received and DCS has completed setting up a case, send a “Split Debt Calc” to PGST. This will inform them that the case set-up has been completed and this will also provide PGST with the DCS case D# that has been assigned to the new case.

Referred back to DCS – Paternity and Order Establishment

PGST CSP will attempt to work a case; if unsuccessful they will refer the case back to DCS in approximately 6 months for enforcement. If DCS has jurisdiction to proceed, the Tribal Liaison will work it like a regular case, but the case should remain in the tribal load.

Refunds, Overpayments and Rollover Payments

When a case becomes current and there are additional funds held in suspense by DCS, the Tribal Liaison will contact PGST CSP to confirm if the payment should be refunded, held, applied to the next month’s support or sent back to PGST to refund. If a refund is processed & funds are sent to the NCP, send the cases DH information to the assigned Case Mgr @ PGST.

When a case becomes current and there are additional funds held by PGST, PGST will contact DCS to confirm if the payment should be refunded, held or applied to the next month’s support or sent back to DCS to refund. When PGST has a larger payment than appears to be more than owed, PGST will confirm and then pass through the balance owed and refund the difference directly to the NCP. PGST will handle voluntary overpayments on a case by case basis.

Special Distribution Cases

Leeanne will notify Kay’d to set SI on cases when the tribal payment needs to be disbursed differently than by the algorithm, per PGST CSP request.

Statute of Limitations

PGST has no “Statute of Limitations.”

Treasury Offset Cases

Our Treasury Offset Agreements with tribes *do not* include passport denial and never have. So if the only case we have is for treasury offset, we will need to manually deselect the passport denial option. Also, the Credit Bureau should be set to “E” = Exempt.

Treasury Offset Certifications

1. PGST CSP may send cases for enforcement even if the debt has not yet met the threshold for certification. This is will be done if no additional payments from the NCP are anticipated.
2. Leeanne will continue to send the Treasury Offset Certification List by the 10th of each month.
3. On cases where current support is owed, if a case/debt is paid in full by the Treasury Offset payment, the case will remain open.
