Clients still receive the [family earnings disregard and the, the allocated household income disregard \(if eligible\) and the 50% earned income incentive](#).

3. When we determine the dependent care maximum deduction, we use a child's age on the first day of the month as the child's age for that month (e.g., If a child turns two on August 15, we consider the child as under two for August and two years of age in September).
