Summary

The CSD Basic Food Unit and Quality Assurance Division completed changes to the EAZ Manual concerning Basic Food student eligibility procedures ([Student Status](#)). The changes are meant to provide clarification around student eligibility rules and add elements to the Worker Responsibility section that provide better guidance for verification and documentation. The primary goal is to improve program accuracy and avoid payment errors involving incorrect application of student status rules.

This revision does not include changes to [WAC 388-482-0005](#) since there are no changes to rules or policy.
