

REFUGEE AND IMMIGRANT HEALTH PROGRAM  
Washington State Department of Health

# Resettlement Process Overview

# Key issues

---

- Humanitarian parolee ineligibility for federal benefits including Medicaid and refugee health screening
  - Lack of access to immunizations, treatment, primary care and behavioral health care
  - Decreased ability to identify and address public health conditions and support health needs
- Behavioral health capacity

# DOH – Welcome Ukrainians Workgroup

---

**Goal:** To facilitate a coordinated, action-oriented, cross-DOH effort to leverage all available opportunities to support Ukrainian new arrivals and community partners.

## **Areas of work:**

- Health coordination and information
- Behavioral health
- Immunizations
- Epidemiology
- Health promotion resources
- WIC
