

Adaptive Authentication Enrollment

Adaptive Authentication Enrollment provides an additional layer of security that helps prevent unauthorized people from accessing your confidential information.

The enrollment process begins when you log into Washington Connection with your SAW ID. You will be asked to provide an email address and phone number. These items can provide a means to identify you when you log in from a computer we don't recognize.

Email Enrollment:

Email Enrollment

If you sign in from a computer we do not recognize, you will receive an email within 5-30 seconds which contains a confirmation code that you will need to enter on your screen to verify your identity. [How does it work?](#)

Enter one or more email addresses that we can use for immediate authentication.

* Email:

Other Email (optional):

Enter an email where you can receive a confirmation code. Other email is optional. Once you've entered your email(s), click **Next>>**

Phone Enrollment:

Enter one or more phone numbers to verify your identity. It is advisable, but not mandatory; to enter a number that can receive SMS (text) messages.

Important to note: A minimum of one SMS (text) check box must be checked regardless if the number is able to receive text messages.

Phone Enrollment

Enter at least one phone number where you can receive an automated call or text message in case we need to verify your identity. Click **Next>>**.

If you sign in from a computer we do not recognize, you will receive a phone call within 5-30 seconds asking you to enter the confirmation code that appears on your screen. [How does it work?](#)

Enter one or more phone numbers that we can use to verify your identity. At least one phone number must be able to receive SMS messages.

Phone Type: (Ex. home, cell)	Country Code:	Phone Number: (Ex. 3609999999)	Extension (Optional):	SMS:

Secondary:	<input type="text" value="United States (+1)"/>	<input type="text"/>	<input type="text"/>	<input type="checkbox"/>

Country Code defaults to United States, if other Country Code is needed, select from the drop down menu.

Once you've provided the information for the enrollment types, you'll be directed to the **Enrollment Confirmation** page where you'll have the opportunity to review and, if necessary, update the enrollment information entered.

The **Enrollment Confirmation** page provides a summary of your Adaptive Authentication enrollment information. You can change any of your enrollment information by clicking the **Update your Settings** button. This takes you back through the **Email** and **Phone Enrollment** pages and provides you the opportunity to change information if needed.

Would you like us to remember this computer for future use? [Learn More](#)

Yes. I plan to use this computer in the future to access my account.

No. This is a public computer or one I do not plan on using often to access my account.

The **Enrollment Confirmation** page asks if you would like us to **Remember this Computer**. The answer to this question defaults to “No”. We recommend that you don't change this default unless accessing your account from a personal or work computer that you use regularly.

Identity Verification

The Identity Verification page displays for users who have successfully logged into their Washington Connection SAW account and have completed Adaptive Authentication Enrollment.

From this page, you can choose what method you would like to use to verify your identity: Email, SMS or Phone.
