## Finding Child Care

### Finding Child Care

Safe and affordable child care is important. Here are some resources to help you choose a child care service.

**Child Care Check** is a tool to help you search for quality child care. You can get information about individual child care and early learning programs in Washington.  
[www.dcyf.wa.gov/services/earlylearning-childcare/child-care-check](http://www.dcyf.wa.gov/services/earlylearning-childcare/child-care-check)

**Child Care Aware of Washington** can help you find providers that match your needs. [childcareawarewa.org/](http://childcareawarewa.org/)

If you want to learn about help paying for child care, these resources can be helpful.

#### Working Connections Child Care

**Care** helps eligible families pay for child care. When you qualify for child care subsidy benefits and choose an eligible provider, the state pays part of the child care cost. You may be responsible for a copayment to the provider each month.

#### ECEAP and Head Start Preschool Programs

offer early childhood education opportunities and help provide access to more resources. ECEAP stands for Early Childhood Education and Assistance Program.
